

Ovation Health & Life Services, Inc.

Description:

Ovation is a full services agency representing the nations best carriers in all areas of health insurance. Our products include individual and group health, dental, vision, life and disability coverage.

We also offer supplemental insurance including disability, cancer, heart, hospitalization and accidental injury insurance. These policies pay cash directly to the policy holder to help them get through the hard times usually associated with an illness or injury.

Our clients currently include individuals, small businesses, school districts, and large corporations. We represent carriers like Blue Cross Blue Shield, Aetna, Humana, Delta Dental, Aflac, Assurant, VSP Vision, Unicare and many more.

Remember, all agents and agencies quote the same rates from carriers. There are no discounts by going to any particular agent. With that in mind, choose an agent you feel comfortable, that is helpful, works with top carriers, and is diverse in their offerings. You want a consultant, not a salesman. I hope you choose Ovation, but if not, be wise in your choice of agents just the same. It costs nothing to use an agent or agency, as their commissions are paid by the insurance carriers.
